

NON-PROFITS

“L>h has had a truly significant impact here at the Emergency Lodge. It is so important for people here to understand that others have experienced brokenness and found the courage to step forward and share those raw and dark emotions, [to see] there is hope. Profound. I believe [this has] the power to transform lives. Thank you for bringing your messages here. We so need to experience the power of LOVE being greater than hate.”
