

EDUCATORS

SUPPORTING AND WORKING WITH

**DAN DOBNER
PRINCIPAL
HARTFORD UNION HS**

“Never in all my years as a principal have I witnessed an entire student body of 1400 sit so completely silent and absolutely captivated for 35 minutes straight. Never have I seen 700 young men cooperate, stand, and speak in unison, proudly, eagerly, to take a Pledge. Never have I seen 700 young women break out in spontaneous applause. And faculty too! This was a life changing Assembly. This was deeply moving and powerful. This was education at its finest. The LOVE>hate Project needs to present in every high school in America. Then they would see their vision of shifting culture, causing change, ending male violence against women, and increasing Love, tolerance, empathy, and respect realized!”
